

MONTANA BOARD OF PROFESSIONAL ENGINEERS AND PROFESSIONAL LAND SURVEYORS

The following is language taken from two Board of PELS administrative rules that, together, define engineering experience. Please use these rules to guide you as you complete your Resume of Experience on the following page. To see the full, official versions of these rules, visit the Montana Secretary of State's rules website: www.mtrules.org

24.183.303 DEFINITIONS

(8) "Preprofessional experience" means engineering experience obtained after completion of a baccalaureate degree, which must be obtained under the supervision of a licensed professional engineer or professional land surveyor or be approved by the board and may include one or more of the following:

- (a) experience on engineering projects which indicates progressive quality and increasing responsibilities over time;
- (b) experience teaching advanced undergraduate or post-graduate courses offered as part of a board-approved curriculum; or
- (c) experience obtained in engineering research or design projects by faculty teaching a board-approved curriculum.

(10) "Professional experience" means experience obtained after initial licensure by a state, territory, or possession of the United States, the U.S. District of Columbia, or any foreign country.

(14) "Subprofessional experience" means supervised engineering or construction experience obtained prior to completion of a baccalaureate degree, and which must occur after an applicant has commenced a college-level education.

24.183.702 CLASSIFICATION OF ENGINEERING EXPERIENCE

(1) Engineering experience for the purpose of application for licensure or certification shall be classified as:

- (a) subprofessional experience;
- (b) preprofessional experience; or
- (c) professional experience.

(2) Engineering experience shall be quantified as follows:

- (a) Subprofessional experience shall be credited at one-half the time value of preprofessional experience.
- (b) No more than one year of subprofessional experience may be credited as preprofessional experience.
- (c) A master's degree in engineering from an institution which offers a board-approved curriculum at the baccalaureate level will be credited as one year of preprofessional experience.
- (d) A Ph.D. in engineering from an institution which offers a board-approved curriculum at the baccalaureate level will be credited as two years of preprofessional experience, which shall include a one year credit for any master's degree earned in the course of completing the Ph.D.

RESUME OF EXPERIENCE: This page is a summary of your engineering experience. Complete all portions of this form, including as many of the "Experience" columns as are appropriate for your application.

IMPORTANT!

For each engagement listed, you must identify a Professional Engineer who supervised your work during the engagement. The PE does not necessarily have to be an immediate supervisor.
