

High Temp Limit Control with manual reset

Tridicator (pressure/temperature gage)

High gas pressure switch with manual reset

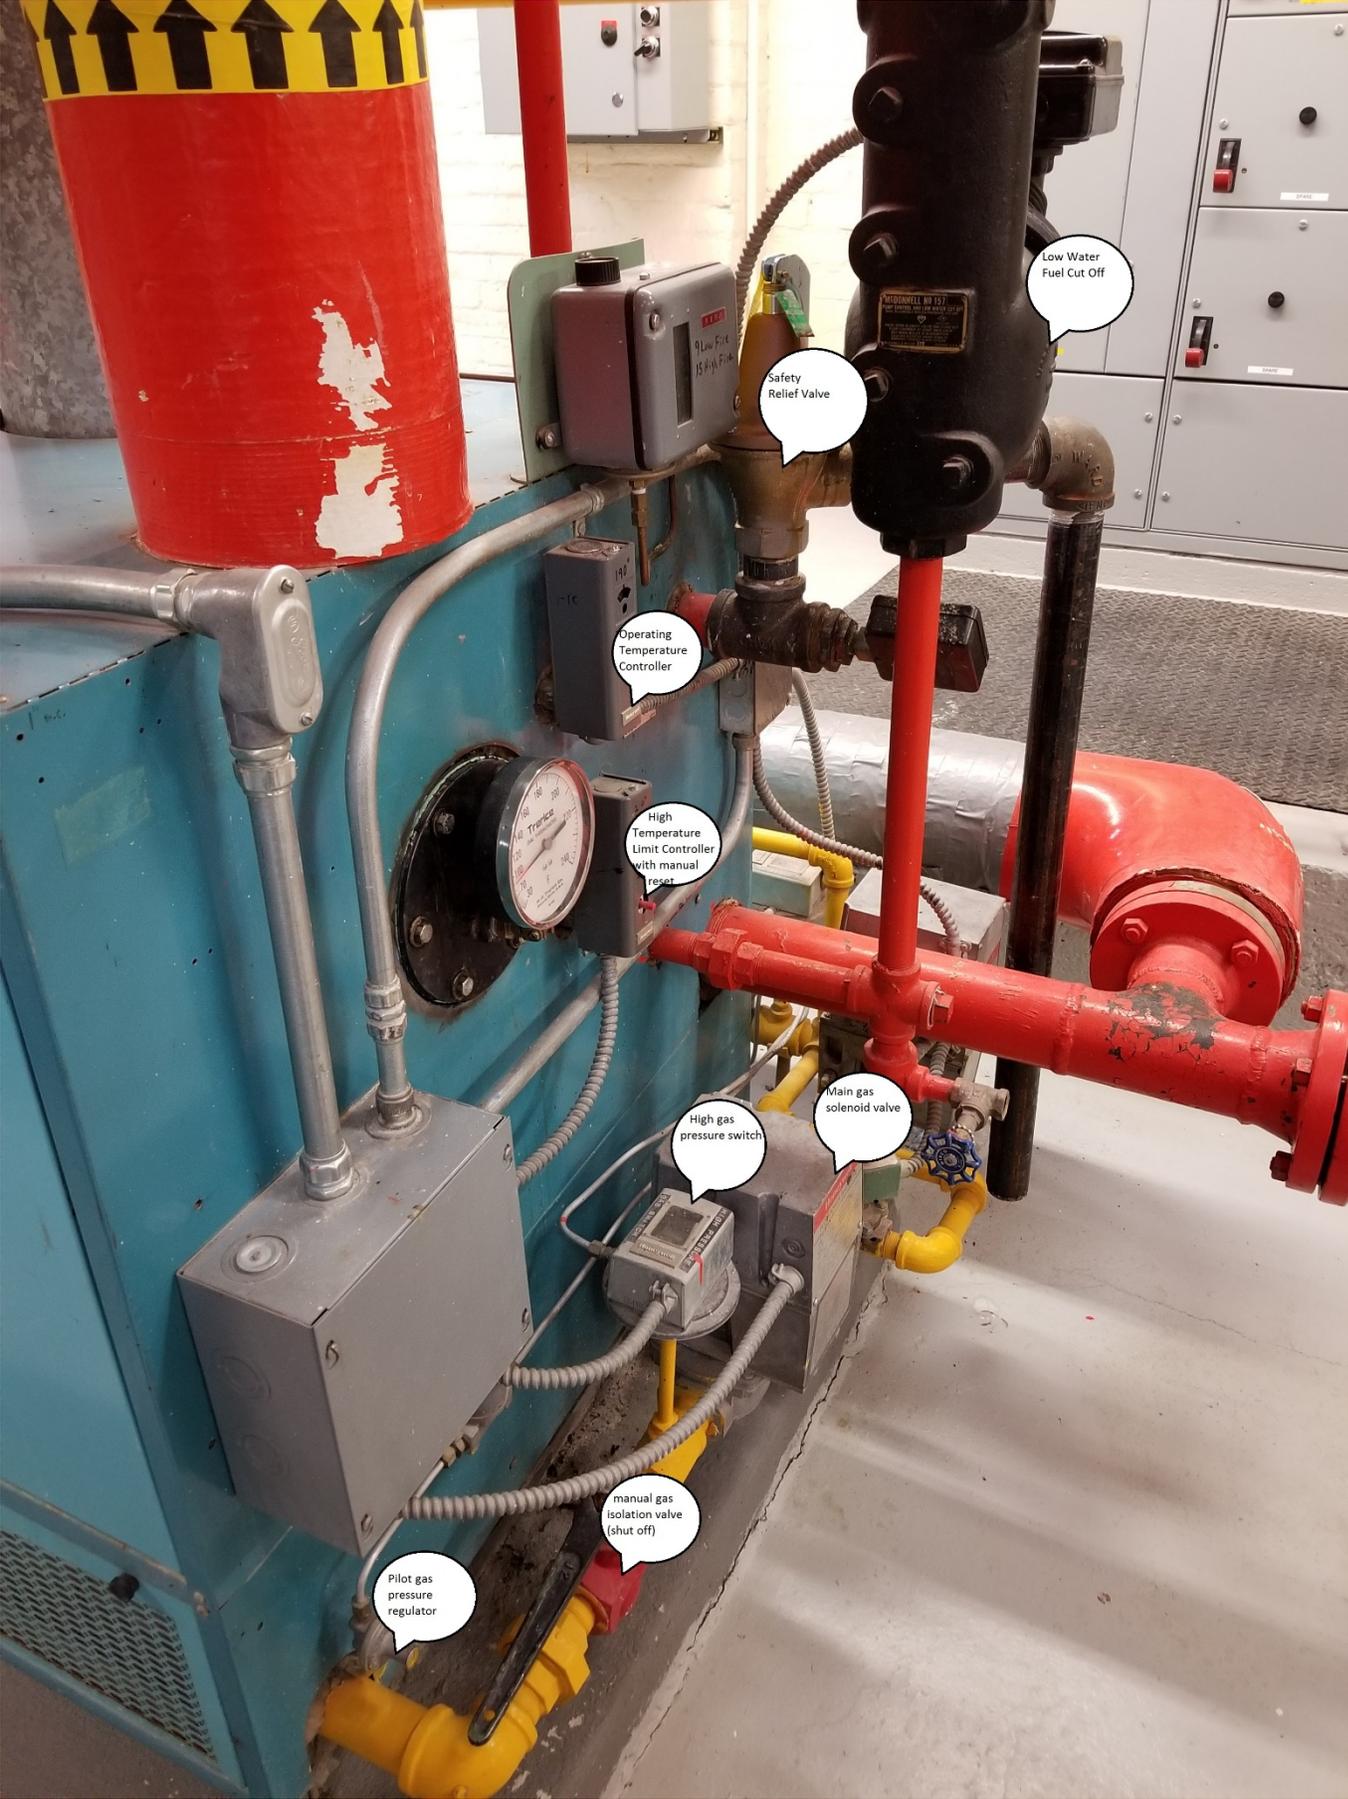

main gas solenoid valve

pilot gas solenoid valve

main gas solenoid valve

low gas pressure switch with manual reset

gas pressure regulator

Low Water Fuel Cut Off

Safety Relief Valve

Operating Temperature Controller

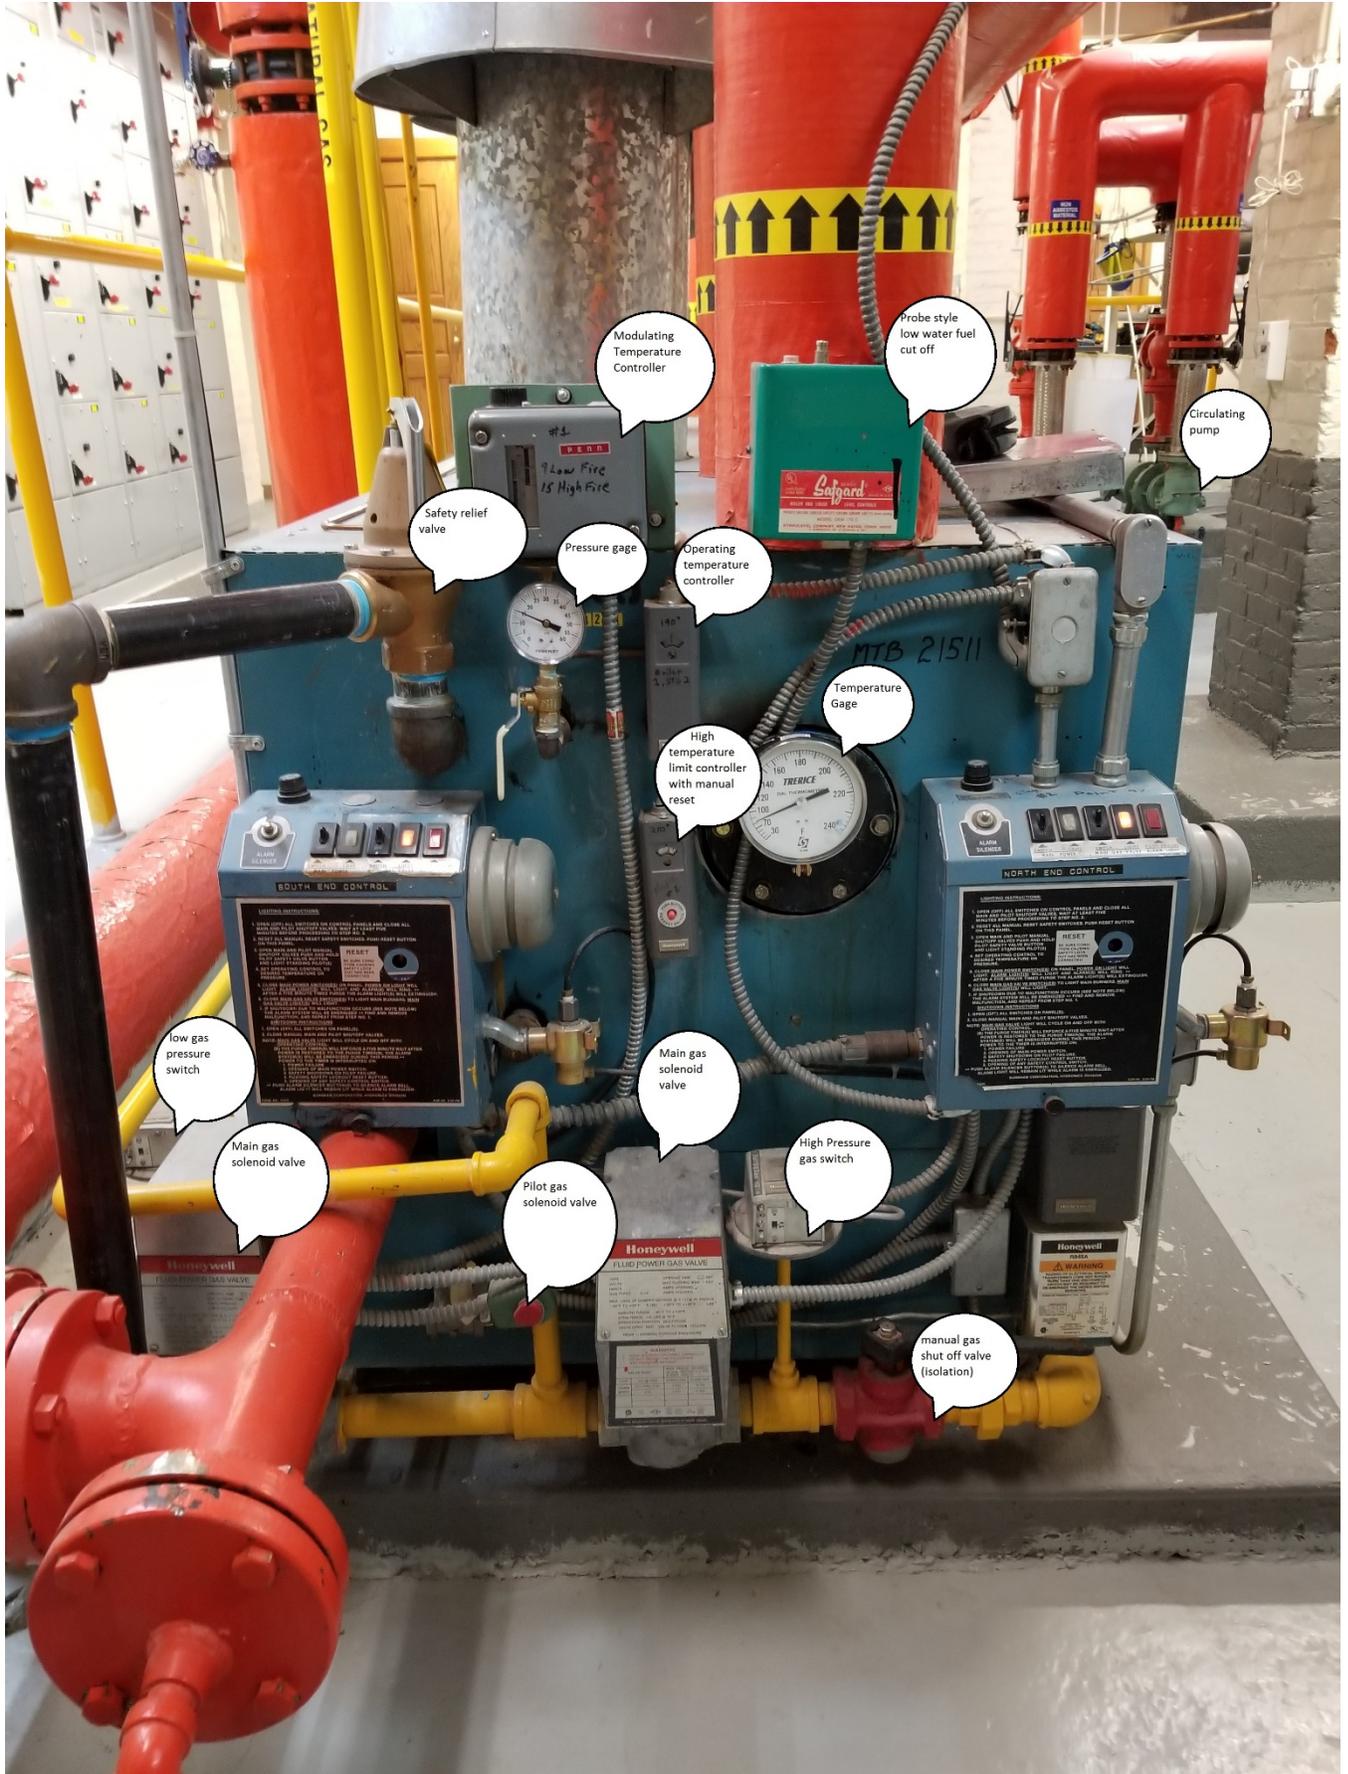

High Temperature Limit Controller with manual reset

High gas pressure switch

Main gas solenoid valve

manual gas isolation valve (shut off)

Pilot gas pressure regulator

Modulating Temperature Controller

Probe style low water fuel cut off

Circulating pump

Safety relief valve

Pressure gage

Operating temperature controller

Temperature Gage

High temperature limit controller with manual reset
