**GENERAL APPLICATION PROCEDURE FOR
APPROVED BOILER EDUCATION INSTRUCTORS**

- Please complete and submit the following application to be considered as an approved boiler education instructor.
- The following requirements for training courses are pursuant to Administrative Rules of Montana:
 - Training courses must be a minimum of 30 hours to include classroom instruction and field or shop time;
 - A description of the training course identifying the specific class of license course is being taught to;
 - A list of books, publications and source material to be utilized;
 - A course outline to include a breakdown of the hours in each area of training (Total classroom instruction and field or shop time);
 - A copy of the completion certificate;
 - The name of each licensed operator who will be an instructor;
 - A copy of the instructor's valid Montana Boiler Operating Engineer's license.
- If approved, each course will receive an approval number to be included on the completion certificate.
- Courses are approved through December 31 of each year. All instructors must reapply as an instructor annually.
- Instructors may not also sign the Experience Verification Affidavit of their students.
