Scope of Nursing Practice Decision-Making Framework for Montana Nurses

Identify, describe or clarify the activity, intervention or role under consideration.

Is the activity, intervention or role **prohibited** by the MT Board’s statutes or administrative rules (www.nurse.mt.gov – Regulations) or any other applicable laws, rules/regulations or accreditation standards or professional nursing scope and standards? Contact Board with questions at nurse@mt.gov.

- **NO**

Is performing the activity, intervention or role consistent with evidence-based nursing and health care literature?

- **YES**

Are there practice setting policies and procedures in place to support performing the activity, intervention or role?

- **YES**

Has the nurse completed the necessary education to safely perform the activity, intervention or role?

- **YES**

Is there documented evidence of the nurse’s current competence (knowledge, skills, abilities, and judgements) to safely perform the activity, intervention or role?

- **NO**

Does the nurse have the appropriate resources to perform the activity, intervention or role in the practice setting?

- **NO**

Would a reasonable and prudent nurse perform the activity, intervention or role in this setting?

- **NO**

Is the nurse prepared to accept accountability for the activity, intervention or role and for the related outcomes?

- **NO**

The nurse may perform the activity, intervention or role to acceptable and prevailing standards of safe nursing care.

These decision-making framework guidelines are for educational purposes only. The guidelines do not purport to establish a standard of care or advise a course of action for patient care in any particular situation.
