PROFESSIONAL LAND SURVEYOR BY COMITY APPLICATION

GENERAL INFORMATION

- By order of the Board, all applications must be typed in at least 10 pt. font. This application now features "fillable fields" that allow you to use your computer keyboard to input information.
- Applicants for licensure by comity shall complete the application in every detail.
- Only complete applications will be reviewed by the full Board for approval as a non-routine application.
- Applicants must be approved to sit for the Montana (state-specific) Land Surveyor Exam by the Board. Applicants must pass that exam in order to be licensed.
- Professional Land Surveyors are not permitted to practice in Montana in any manner without an active Montana Professional Land Surveyor license. Please review the Montana laws and rules regarding the practice of a Professional Land Surveying in Montana.

SPECIAL NOTE: As of February 19, 2015, the qualifications for Professional Land Surveyor by Comity in Montana have changed through the provisions of HB 63. This application reflects those changes. Please visit the Board's website or contact the Board office for more information.

This includes a new requirement in MCA 37-67-313 for PLS by Comity applicants. Any applicant who was licensed initially in another state without the amount of experience required by Montana in 37-67-325 must demonstrate 2x the pre-licensure deficit following initial licensure.

FEES

Application for Professional Land Surveyor by Comity: \$200.00

Examination fee for Montana state-specific law exam: \$100.00

To pay both fees at the same time: \$300.00

Make check or money order payable to the Montana Board of PELS.

DEADLINE DATES FOR APPLICATIONS:

Please be aware that Professional Land Surveyor by Comity applications may require Board review at a scheduled public meeting.

To be considered by the Board, all elements of an application must be received by the Board office no later than four weeks prior to the next regularly-scheduled Board meeting. (The Board usually meets the first week of February, May, August and November, but specific dates are subject to change.)

Please visit the Board's website to check for the next scheduled meeting date.

Please be aware that your application will not be considered by the Board unless all required documentation has been received by the deadline. Postmarks will not be considered.

LICENSE REQUIREMENTS

All applicants for PLS by Comity must have passed the NCEES Fundamentals of Surveying (FS) Examination and the NCEES Principles & Practices of Surveying (PS) Examination and must hold a current license in a jurisdiction with licensure requirements equivalent to Montana's. Applicants for licensure by comity also must meet one of the following sets of requirements.

NOTE: For information on references and exhibits currently required by the Board, please see "Required Documents for All Applicants."

- A Baccalaureate degree in Land Surveying that meets the Board-approved Land Surveying curriculum (see page 8), passage of the NCEES Fundamentals of Surveying exam, at least 4 years of combined office and field experience in land surveying under the direct supervision of a licensed Professional Land Surveyor (of which at least 3 years must be progressive experience on land surveying projects), and character references and exhibits of land surveying projects required by the Board.
- An Associate's degree in Land Surveying that meets the Board-approved Land Surveying curriculum (see page 8), passage of the NCEES Fundamentals of Surveying examination, at least 6 years of combined office and field experience in land surveying under the direct supervision of a licensed Professional Land Surveyor (of which at least 4.5 years must be progressive experience in charge of land surveying projects), and character references and exhibits of land surveying projects required by the Board.
- A Baccalaureate degree with a Minor in Land Surveying that meets the Board-approved Land Surveying curriculum (see page 8), passage of the NCEES Fundamentals of Surveying examination, at least 6 years of combined office and field experience in land surveying under the direct supervision of a licensed Professional Land Surveyor (of which at least 4.5 years must be progressive experience in charge of land surveying projects), and character references and exhibits of land surveying projects required by the Board.
- Passage of the NCEES Fundamentals of Surveying examination, at least 10 years of combined office and field experience in land surveying under the direct supervision of a licensed Professional Land Surveyor (of which at least 6 years must be progressive experience in charge of land surveying projects), and character references and exhibits of land surveying projects required by the Board

NOTE: This "experience only" pathway will exist until October 1, 2022. After that date, applicants for Professional Land Surveyor by Exam must submit proof of acceptable Land Surveyor education.

REQUIRED DOCUMENTS FOR ALL APPLICANTS

- **A COMPLETED APPLICATION:**
Complete all portions of the application and make arrangements for the following additional items to be submitted to the board office:
- **EDUCATIONAL TRANSCRIPTS:**
Official transcripts of college credits sent directly to the Board office from the school, college, or university. Transcripts marked "ISSUED TO STUDENT" will **not** be accepted. Also, unless your degree program has been pre-approved by the Board (See page 8) you must submit descriptions of all land surveying courses, plus note whether or not your instructor was a licensed professional land surveyor.
- **FOR APPLICANTS WITH FOREIGN DEGREES:**
Any applicant who holds a foreign degree is required to have a foreign degree evaluation completed by the NCEES Credentialing Services. The completed evaluation will be submitted directly to the Board office by NCEES. For more information please go to <http://ncees.org/>

- **REFERENCE FORM LETTERS:**

Make five copies of the reference forms found on pages 20 and 21 and send them to references listed on page 11 of this application. References must be reputable citizens, unrelated to the applicant. Three of the references must be licensed Professional Land Surveyors having personal knowledge of the applicant's experience. No member of the Montana Board will be accepted as a reference.

References are to complete the form and mail it directly to the board office.

- **EXHIBITS:**

In accordance with ARM 24.183.505, you must submit no fewer than 2 and no more than 4 exhibits of your land surveying work, along with narratives describing the exhibit and the professional decision-making processes related to the project. At least one exhibit must demonstrate the applicant's knowledge of the principles and practices of boundary surveying.

- **MONTANA LAW & RULE QUESTIONNAIRE:**

All applicants must complete the Law and Rule Questionnaire included with this application on pages 22-24. (This is not the Montana Land Surveyor Examination.)

- **VERIFICATION OF EXAMINATION INFORMATION:**

Applicants by comity who are not submitting an NCEES Record must request verification from the state in which they passed the NCEES Fundamentals of Surveying examination and the NCEES Principles and Practices of Surveying examination. Examination verification must be sent directly to the Montana board from each state/province/territory.

- **VERIFICATION OF LICENSURE:**

The verification of licensure form on page 19 of the application must be completed by all states where you hold or have ever held a professional license. License verification must be sent directly to Montana from each state/province/territory.

License verifications contained in an NCEES Record are not acceptable.

- **A COPY OF YOUR CURRENT NCEES RECORD (OPTIONAL):**

If you have a current NCEES Record and wish to submit it with your application, contact NCEES Records Department at 864-654-6824 to have your NCEES record transmitted directly to the board office. To find out more about NCEES Records, call (864) 654-6824 or visit <http://ncees.org/>

NOTE: Applicants with NCEES Records still must fill out the experience pages of this application.

MONTANA LAW STATE SPECIFIC LAND SURVEYING EXAMINATION

All approved applicants must sit for and pass the Montana Land Surveying Examination. The Board must approve all examinees for this state-specific exam. It is administered only at the Board office on specific dates set by the Board.

Do not register for this exam with NCEES.

Upon approval of your application you will be notified by the Board office with specific instructions for the Montana exam.

APPLICATION PROCEDURES

- The applicant will be notified in writing of any deficient or missing items needed to complete the application.
- When the application file is complete, it will be reviewed by the Board's executive staff and legal counsel and may be referred to the full Board for review at a scheduled public meeting.
- If you have answered "yes" to any of the disciplinary questions you may be requested to provide additional information or make a personal appearance before the Board during a scheduled public meeting.
- All verifications of licensure and examination must be sent directly from each state board in which the applicant is currently or has ever been licensed. Please make copies of the attached verification request form as needed. Some states may charge a fee for verifications. Contact each state board prior to sending the request.
- Please be sure the five individual references you listed on your application complete the reference questionnaire form and return the form directly to the Board office as soon as possible in order to complete your application.
- Once the board confirms you have passed the Montana Land Surveyor Examination, a license will be issued.
- Keep the board office informed at all times of any address changes, changes in license status and complaints or proposed disciplinary action. This is essential for timely processing of applications and subsequent licensure.

MONTANA BOARD OF PROFESSIONAL ENGINEERS AND PROFESSIONAL LAND SURVEYORS

24.183.802 CLASSIFICATION OF LAND SURVEYING EXPERIENCE

(As amended by the Board. The Notice of Adoption of this rule was published by the Secretary of State on Nov. 20, 2014. The following text is not the official version of the rule. The official version is available on the Secretary of State's website.)

(1) Land surveying experience for the purpose of application for licensure shall be classified as progressive and non-progressive.

(2) Non-progressive experience is experience that must be gained under the supervision of a licensed professional land surveyor and may include:

- (a) construction layout of buildings and miscellaneous structures;
- (b) surveys necessary to obtain data and location of highways, roads, pipelines, canals, etc.;
- (c) construction staking for land modification, highways, roads, utilities, etc.; or
- (d) other construction surveying experience.

(3) Non-progressive experience shall be credited at one-half the time value of progressive experience and shall be limited to a total of no more than two years.

(4) Progressive experience is experience that must be gained under the supervision of a licensed professional land surveyor and may include one or more of the following:

(a) experience on land surveying projects, which indicate the experience is of increasing quality and requiring greater responsibility;

(b) experience not obtained in violation of the licensure act;

(c) experience such as aliquot part subdivision of sections, retracing existing boundaries, establishing new boundaries, corner search and reestablishment, researching existing public records, survey computations, preparation of legal descriptions, certificates of survey, subdivision plats, corner recordation forms, exhibits, and other documents pertinent to such work; or

(d) experience teaching surveying subjects at an advanced undergraduate or postgraduate level in an accredited college or university offering a land surveying curriculum supervised by a licensed land surveyor.

(5) All experience must be completed at the time of application.

(6) Land surveyor applicants may be asked by the board to provide a more detailed explanation of their experience in the field aspects of the profession.

IMPORTANT NOTE: Any applicant who was initially licensed in another state without the amount of experience required in Montana by MCA 36-67-325 must make up for that pre-licensure deficit with post-licensure experience equal to 2x the pre-licensure deficit. (MCA 37-67-313)

RESUME OF EXPERIENCE (See "Classification of Experience, page 12)

- a. Each of the three columns under "time of experience" shall be filled out for each engagement. Use zeros where necessary, but do not leave blank spaces, and do not use the word "yes".
- b. Use pages 15 & 16 of this application to break down experience in months and transfer totals to columns A, B and C on page 14.
- c. **IMPORTANT: You must note whether experience was gained prior to licensure (pre-professional) or after licensure (professional.) If licensing occurred in the middle of an engagement, you must note what portion of the engagement occurred prior to licensing and what portion occurred after licensing. Failure to do this may lead to your application being declared incomplete.**
- d. The definition of what is considered "progressive" and "non-progressive" experience is found in ARM 24.183.802. (See page 12.)
- e. "Non-progressive experience" must only be counted at 50%. (Example: 12 months of "non-progressive experience" only counts as 6 months.) Be sure to adjust appropriately.

IMPORTANT NOTE: Any applicant who was initially licensed in another state without the amount of experience required in Montana by MCA 36-67-325 must make up for that pre-licensure deficit with post-licensure experience equal to 2x the pre-licensure deficit. (MCA 37-67-313)

in the State of Montana as a/an **Engineer Intern, Professional Engineer, Land Surveyor Intern, Land Surveyor** (circle one), and has given your name either as a reference or has stated that he/she has worked for or with you. We would appreciate you sending us the information requested on the reverse of this form and assure you that such information will be treated in the strictest confidence.

The practice of professional engineering and land surveying is regulated by statute in Montana for the protection of the public against incompetent or unscrupulous persons in accordance with Chapter 37, Title 67, Montana Code Annotated.

"37-67-301. License required to practice or offer to practice. In order to safeguard life, health, and property and to promote the public welfare, any person in either public or private capacity practicing or offering to practice engineering or land surveying shall hereafter be required to submit evidence that he is qualified so to practice and shall be registered as hereinafter provided. From and after January 1, 1958, it shall be unlawful for any person to practice or to offer to practice in this state engineering or land surveying, as defined in this chapter, or to use in connection with his name or otherwise assume, use, or advertise any title or description tending to convey the impression that he is a professional engineer or a professional land surveyor unless such person has been duly registered under the provisions of this chapter."

"37-67-101. Definitions. As used in this chapter, the following definitions apply:..

(5) (a) "Practice of engineering" means:

(i) any service or creative work the adequate performance of which requires engineering education, training, and experience in the application of special knowledge of the mathematical, physical, and engineering sciences to the services or creative work as consultation, investigation, evaluation, planning and design of engineering works and systems, planning the use of water, teaching of advanced engineering subjects, engineering surveys, and the inspection of construction for the purpose of ensuring compliance with drawings and specifications;

(ii) any of the functions described in subsection (5)(a)(i) that embrace the services or work, either public or private, in connection with any utilities, structures, buildings, machines, equipment, processes, work systems, projects, and industrial or consumer products or equipment of mechanical, electrical, hydraulic, pneumatic, or thermal nature insofar as they involve safeguarding life, health, or property.

(b) The term includes other professional services necessary to the planning, progress, and completion of any engineering services.

(c) The term does not include the work ordinarily performed by persons who operate or maintain machinery or equipment, communication lines, signal circuits, electric power lines, or pipelines."

"37-67-101. Definitions. As used in this chapter, the following definitions apply:..

(6) "Practice of land surveying" means any service or work, the performance of which requires the application of special knowledge of the principles of mathematics, physical sciences, applied sciences, and:

(a) the principles of property boundary law to the recovery and preservation of evidence pertaining to earlier land surveys;

(b) teaching of land surveying subjects;

(c) measurement and allocation of lines, angles, elevations, and coordinate systems;

(d) location of natural and constructed features in the air, on the surface of the earth, within underground workings, and on the beds of bodies of water, including work for the determination of areas and volumes;

(e) monumenting of property boundaries;

(f) platting and layout of lands and the subdivisions of land, including the alignment and grades of streets and roads in subdivisions; and

(g) preparation and perpetuation of maps, plats, field note records, and property descriptions."

29.	<input type="radio"/>	<input type="radio"/>	A licensee may not practice any professional land surveying in the state of Montana while the license is in an inactive status.	
30.	<input type="radio"/>	<input type="radio"/>	Failure to receive a renewal notice from the board relieves the licensee of the licensee's obligation to pay renewal fees in such a manner that they are postmarked on or before the renewal date.	
31.	<input type="radio"/>	<input type="radio"/>	If the renewal process is not completed within one year, the licensee will be considered a new applicant, potentially requiring re-testing.	
32.	<input type="radio"/>	<input type="radio"/>	A licensed land surveyor in Montana must certify at license renewal time that he (she) has completed 45 hours of professional development/continuing education during the previous licensing period.	
33.	<input type="radio"/>	<input type="radio"/>	New licensees by exam or comity are exempt from obtaining professional development hours (PDH) during their first renewal cycle.	
34.	<input type="radio"/>	<input type="radio"/>	Licensees are not required to have knowledge of the laws and rules of their profession as they can have their attorneys provide guidance as matters arise.	
35.	<input type="radio"/>	<input type="radio"/>	Licensees' primary obligation is to protect the safety, health property and welfare of the public and shall notify their employer, client and such other authority when their professional judgment is overruled in such a manner as to endanger the safety, health, property or welfare of the public.	
36.	<input type="radio"/>	<input type="radio"/>	Licensees can perform services outside their area of competence.	
37.	<input type="radio"/>	<input type="radio"/>	Licensees shall not accept compensation, financial or otherwise, from more than one party for services on the same project, unless the circumstances are fully disclosed and agreed to by all interested parties.	
38.	<input type="radio"/>	<input type="radio"/>	Due to the competitive nature of some projects, licensees may attempt to supplant other licensees or firms from work that is in progress.	
39.	<input type="radio"/>	<input type="radio"/>	Licensees shall issue no statements, criticism or arguments on technical matters which are inspired or paid for by interested parties, unless licensees preface their comments by explicitly identifying the interested parties on whose behalf they are speaking and by revealing the existence of any interest the licensees may have in the matters.	
40.	<input type="radio"/>	<input type="radio"/>	Anyone wishing to enter a complaint against a professional land surveyor may do so making a verbal complaint.
