Overview

ELEVATOR WORLD offers over 100 continuing education courses that industry members can take to receive contact hours that will count towards their recertification. Each course is self-study with a timed online exam which allows the candidate to access exams anytime, anywhere as well as print their certificate of completion immediately upon passing the exam. No more traveling or missing time away from the job site.

Courses

Elevator World offers the following courses:

• **Article-Based Continuing Education**

Over 70 articles and growing written by industry experts and professionals
Based on technical articles from ELEVATOR WORLD Magazine
1-3 contact hours each

Articles and contact hours are written and determined by using the guidelines from the International Association for Continuing Education and Training (IACET)

• **Educational Focus Volumes 1 and 2**

A compilation of articles published in ELEVATOR WORLD magazine.
Candidate can purchase the entire series or individual courses.
An Educational Focus Guide to Continuing Education is included that contains article objectives, study questions and learning-assessment questions

• **Elevator and Escalator Maintenance Course Series**

- 1. General Elevator Maintenance (4.5 contact hours)**
- 2. Traction Elevator Maintenance (3.5 contact hours)**
- 3. Hydraulic Elevator Maintenance (2.0 contact hours)**
- 4. Escalator Maintenance (1.5 contact hours)**

Based on Zack McCain's in-depth guide: *Elevator Maintenance Manual*

Candidate can purchase the entire series (11.5 contact hours) or individual courses (1.5-4.5 contact hours each)

• **Elevator Field Safety Course and Exams**

- 1. Safety Exam #1 (1 contact hour)**
- 2. Safety Exam #2 (1 contact hour)**
- 3. Safety Exam #3 (1 contact hour)**
- 4. Safety Exam #4 (1 contact hour)**

Based on the most recent *Elevator Industry Field Employees' Safety Handbook* — the industry's 'safety standard'

Candidate can purchase the entire series (3.5 contact hours) or individual courses (1 contact hour each)

• **Field Employees' Elevator Testing Course**

Based on the *Field Employees Elevator Testing Manual, 3rd Edition*

Written in conjunction with NAESA International and Zack McCain & Associates

3 contact hours

- **Maintenance Control Program & MRL Elevator Inspections**
Based on John Koshak's Presentation - *Maintenance Control Program & MRL Elevator Inspections*
1.5 contact hours - 94 minutes in length
- **Maintenance on New Equipment Designs Course Series**
 - 1. Maintenance & The Maintenance Control Plan (3 contact hours)**
 - 2. Maintenance On New Equipment Designs (6 contact hours)**
Based on John Koshak's book, *Maintenance on New Equipment Designs*
Candidate can purchase the entire series (9 contact hours) or individual courses (3-6 contact hours)
- **Rope Dynamics Presentation**
Video presentation by Dr. Stefan Kaczmarczyk and Phil Andrew
1.0 contact hours - 40 minutes in length
- **Rope Traction: Theory & Practice**
Video presentation by George Gibson
3.0 contact hours - 110 minutes in length

Course Specifics

- ELEVATOR WORLD magazine subscribers receive a 15% discount on both the courses and materials.
- All courses have a set time limit based on the number of contact hours.
- If a candidate fails, they must pay a re-take fee (amount of retake fee is based on number of credit hours the course is worth).
- The current online, secure testing site is test.com. All online testing will be on their server and Elevator World will be charged for each person taking the exam. A database of persons taking the test along with their scores and dates will be kept at Elevator World. All pertinent information will be kept in a database for a minimum of seven years.
- After the test is taken the candidate will be able to determine immediately if they passed or failed. A passing score is 80% or above. A certificate of completion can then be printed by the candidate.

Provider Information

Elevator World, Inc. is the largest publisher in the world devoted to the elevator industry: publishing a monthly journal; compiling the Elevator World SOURCE®, the most inclusive directory in the industry; publishing numerous books used for industry education; maintaining ELENET, a biweekly email newsletter; and developing the Elevator World online network, a group of specialized websites with more than 70,000 users a month. Elevator World is the publisher and distributor of the print-based materials for the four-year Certified Elevator Technician (CET) Education Program. The company is 62 years old and has played a key role in the transfer of knowledge in the vertical-transportation industry.
