General Reasonable Necessity Statement

The 2025 Montana Legislature passed House Bill 246 which was signed by the Governor April 3, 2025, and will become effective October 1, 2025. The bill standardizes substantial equivalency determinations in professional licensing and eliminates duplicative statutory sections regarding equivalency and reciprocity. While historically available to applicants licensed in other states or jurisdictions, licensure by substantial equivalency has never been consistent among the professional licensing boards and programs.

House Bill 246 creates a standard definition for determining substantial equivalency to be uniformly utilized by all the boards and programs when processing endorsement applications. This will create overall efficiencies in processing endorsement applications and reduce licensing wait times for applicants and employers. To implement the legislation and further the endorsement licensing process, the board is proposing to adopt NEW RULE 1. The board has compared current licensure standards of the fifty United States for board licensees and determined those that are substantially equivalent per the definition in 37-1-302, MCA. This new rule will adopt and incorporate by reference the board's initial approved list of states having substantially equivalent licensing standards. The list will be published on the board's website. The board will analyze other states' licensing standards annually, and update the published list as needed.

Rulemaking Actions

ADOPT

The rule proposed to be adopted is as follows:

NEW RULE 1 SUBSTANTIAL EQUIVALENCY

- (1) The board adopts and incorporates by reference the 2025 substantial equivalency list for the Board of Architects and Landscape Architects publication. The publication is available on the board's website.
- (2) The board intends to review the publication annually. However, failure to review or adopt a new list does not change the effectiveness of the adoption in this rule.
- (3) License applications from individuals licensed in substantially equivalent states are routine applications as to the education, examination, and experience requirements for licensure. Applications may be nonroutine on other bases.

Authorizing statute(s): 37-1-131, MCA

Implementing statute(s): 37-1-304, MCA

Small Business Impact

The board identified architecture and landscape architecture firms as the class of small businesses most likely to be affected by the proposed new rule. The board identified no significant and direct impacts, but concluded possible impacts may include more streamlined licensing for firms wishing to hire from out of state, or applicants would have more information available about the licensing requirements if researching whether they would be coming from a substantially equivalent jurisdiction.

Bill Sponsor Notification

The bill sponsor contact requirements apply and have been fulfilled. The primary bill sponsor was contacted on August 12, 2025, by electronic mail.

Interested Persons

The agency maintains a list of interested persons who wish to receive notices of rulemaking actions proposed by the agency. Persons wishing to have their name added to the list may sign up at dli.mt.gov/rules or by sending a letter to P.O. Box 1728, Helena, Montana 59624 and indicating the program or programs about which they wish to receive notices.
