

This will generate an email to the address you provided.

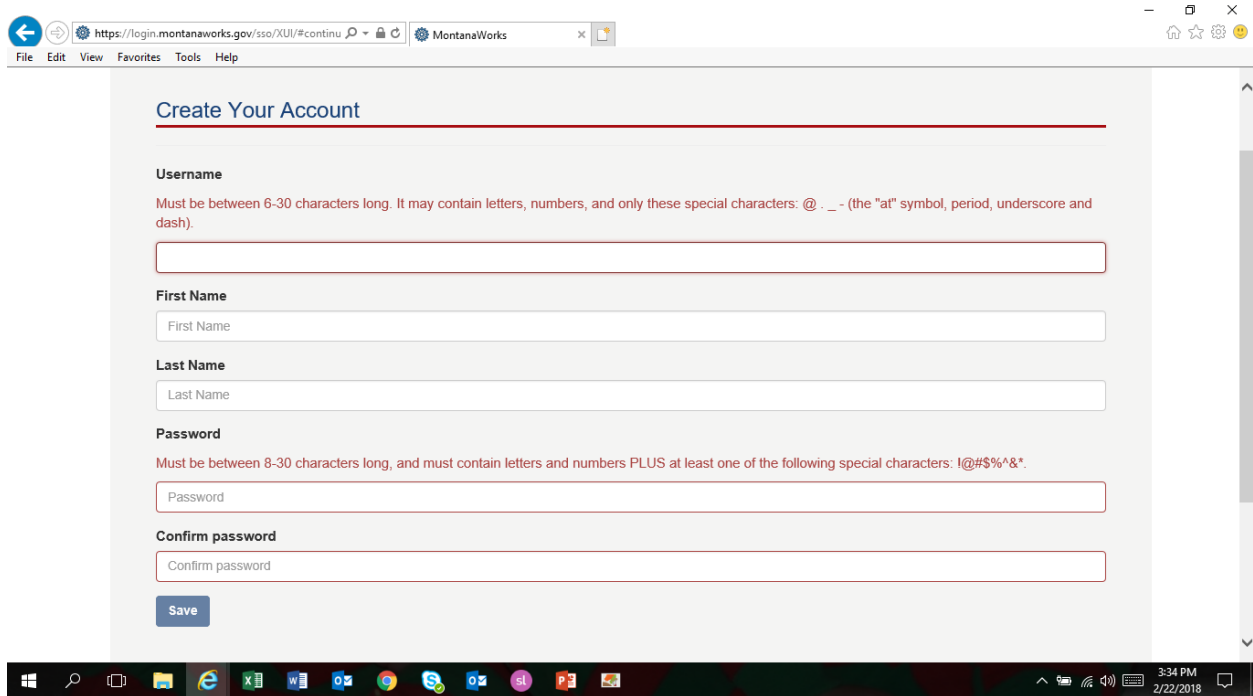

Step Three:

The email you will receive will have a link to click on to gain access to the site.

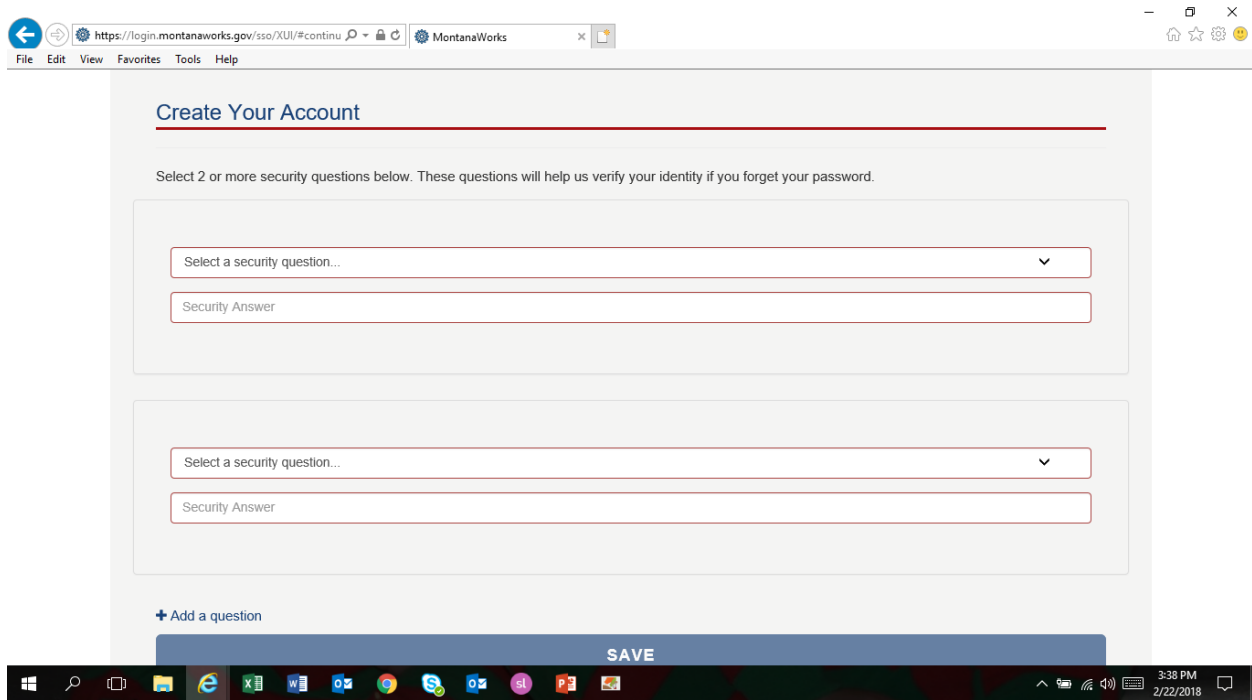

Step Four:

After you click the link you will be taken to the page below. Please enter in all your information. I would suggest that you use your first initial and last name as a username.

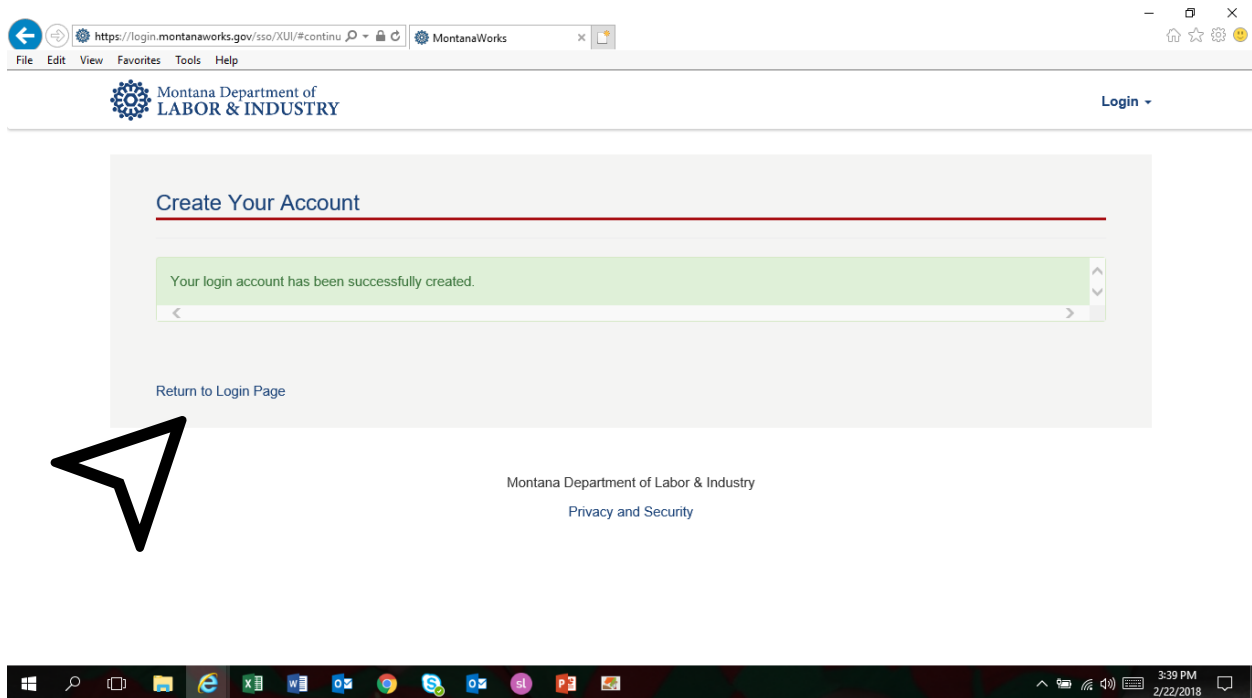

Step Five:

After you create your Username and Password, you will be asked to enter in two security questions.

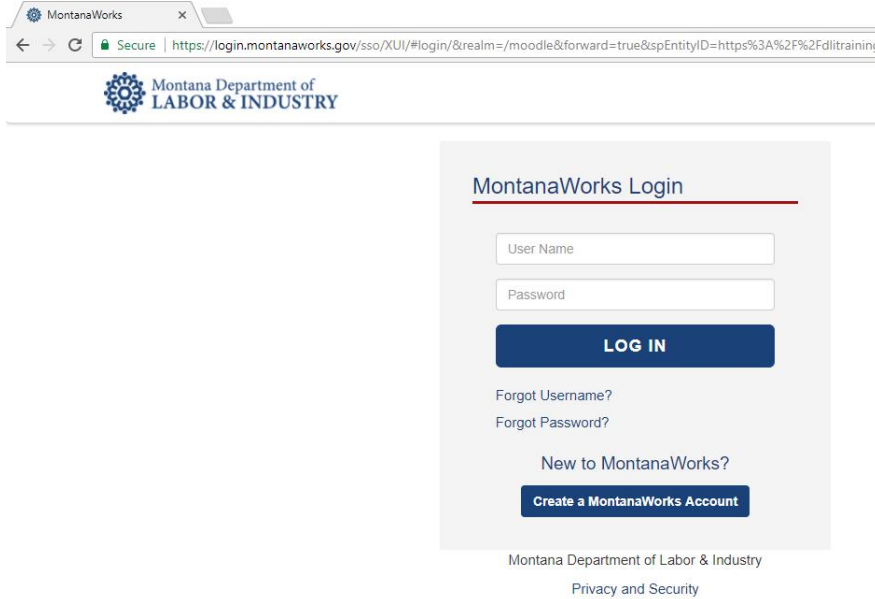

After you click save, you will see the following screen. Click on Return to Login Page to enter in your information.

Step Six:

Enter in the User Name and Password you just created.

Step Seven:

After logging in you will see the homepage of the DLI Training site. You will click on the course you need to take, in this case "Supervision Relationship Education."
