GENERAL INFORMATION

Professional Land Surveyor Applicants Submitting an NCEES Record

- Except for third party character references, hand-written documents from the applicant will not be accepted.
- The Board reviews all PLS applications. Only complete applications will be reviewed by the full Board.
- Applicants must be approved to sit for the (state-specific) Montana Land Surveyor Exam by the Board. Applicants must pass that exam within two years and a maximum of three attempts.
- Professional Land Surveyors are not permitted to practice in Montana in any manner without an active Montana Professional Land Surveyor license.
- Review the Montana laws and rules regarding the practice of a Professional Land Surveying in Montana.
- Any applicant who was licensed initially in another state without the amount of experience required by Montana in [MCA 37-67-325](#) must demonstrate twice the pre-licensure deficit following initial licensure.

License Requirements for Applicants ("By exam" or "By comity")

All applicants for licensure (whether "by Exam" or "by Comity") must meet one of the following requirements to be licensed. In addition, applicants "by Comity" must demonstrate passage of the NCEES Principles & Practices of Land Surveying exam and must hold a current PLS license in another jurisdiction at the time of application. Unlicensed applicants who have passed the NCEES "PS" exam must apply to the Board "by Exam."

NOTE: For information on references and exhibits currently required by the Board, see "Required Documents for All Applicants."

- A Baccalaureate degree in Land Surveying that meets the Board-approved Land Surveying curriculum, passage of the NCEES Fundamentals of Surveying exam, at least 4 years of combined office and field experience in land surveying under the direct supervision of a licensed Professional Land Surveyor (of which at least 3 years must be progressive experience on land surveying projects), and character references and exhibits of land surveying projects required by the Board.
- An Associate degree in Land Surveying that meets the Board-approved Land Surveying curriculum, passage of the NCEES Fundamentals of Surveying examination, at least 6 years of combined office and field experience in land surveying under the direct supervision of a licensed Professional Land Surveyor (of which at least 4.5 years must be progressive experience in charge of land surveying projects), and character references and exhibits of land surveying projects required by the Board.
- A Baccalaureate degree with a Minor in Land Surveying that meets the Board-approved Land Surveying curriculum, passage of the NCEES Fundamentals of Surveying examination, at least 6 years of combined office and field experience in land surveying under the direct supervision of a licensed Professional Land Surveyor (of which at least 4.5 years must be progressive experience in charge of land surveying projects), and character references and exhibits of land surveying projects required by the Board.
- Passage of the NCEES Fundamentals of Surveying examination, at least 10 years of combined office and field experience in land surveying under the direct supervision of a licensed Professional Land Surveyor (of which at least 6 years must be progressive experience in charge of land surveying projects), and character references and exhibits of land surveying projects required by the Board

Note: This "experience only" pathway will exist until October 1, 2022. After that date, applicants for Professional Land Surveyor by Exam must submit proof of acceptable land surveyor education.

If you do not meet any of the sets of requirements listed above or did not meet them prior to licensure in another state, your application could be considered incomplete or be denied by the Board.

EXPERIENCE SHEETS

Professional Land Surveyor Applicants Submitting and NCEES Record

The following is language taken from two Board of PE & PLS administrative rules that, together, define experience. Please use these rules to guide you as you complete your Resume of Experience on the following page. To see the full, official versions of these rules, visit the Montana Secretary of State's rules website: rules.mt.gov.

IMPORTANT: Any applicant who was initially licensed in another state without the amount of experience required by [MCA 36-67-325](#) must make up for that prelicensure deficit with post-licensure experience equal to two times the pre-licensure deficit – [MCA 37-67-313](#)

24.183.303 DEFINITIONS

(11) "Progressive land survey experience" means experience obtained under the supervision of a licensed professional land surveyor, on land surveying projects, which, over time, are of increasing quality and require greater responsibility, and which must include experience with the Public Lands Survey System (PLSS) and Bureau of Land Management Manual of Survey Instructions, and may include one or more of the following:

- (a) experience with aliquot part subdivision of sections, retracing existing boundaries, establishing new boundaries, corner search and reestablishment, research existing public records, survey computations, preparation of legal descriptions, certificates of survey, subdivision plats, corner recordation forms, exhibits, and other documents pertinent to such work; or
- (b) experience teaching advanced undergraduate or post-graduate land survey courses offered as part of a board-approved curriculum.

24.183.502 APPLICATIONS

(1) Applicants shall complete all experience required for approval of an application: prior to submission of an application; or at a time approved by the board.

24.183.504 EXPIRATION OF APPLICATIONS

(3) Applications in which the applicant does not already possess the experience required for licensure or approval to take an examination are incomplete and will not be accepted.

24.183.802 CLASSIFICATION OF LAND SURVEYING EXPERIENCE

(1) Applicants for land surveyor licensure or certification shall classify experience listed in their applications as progressive land surveying experience and nonprogressive land surveying experience.

(2) Applicants shall provide documentation of combined office and field experience as follows:

- (a) for applicants seeking licensure under 37-67-325(1)(a), MCA, and are required to obtain at least four years of combined office and field experience, at least 12 months must be office experience, and at least 12 months must be field experience;
- (b) for applicants seeking licensure under 37-67-325(1)(b) and (1)(c), MCA, and are required to obtain at least six years of combined office and field experience, at least 18 months must be office experience, and at least 18 months must be field experience;
- (c) for applicants seeking licensure under 37-67-325(1)(d), MCA, and are required to obtain at least ten years of combined office and field experience, at least 48 months must be office experience, and at least 48 months must be field experience; and
- (d) for applicants seeking certification under 36-67-326(1)(d), MCA, and are required to obtain at least six years of combined office and field experience, at least 29 months must be office experience, and at least 29 months must be field experience.

RESUME OF EXPERIENCE

- Each of the three columns under "time of experiences" shall be filled out for each engagement. Use zeros where necessary, but do not leave blank spaces, and do not use the word "yes".
- The definition of what is considered "progressive" experience is found in ARM 24.183.303.

Ex		One of the duties of the Board of Professional Engineers and Professional Land Surveyors (Board) is to investigate complaints of illegal or unethical conduct of engineers licensed by the Board.	37-1-101
1.		Under Montana law, it is the duty of all applicants for license or renewal to report any legal or disciplinary actions against them, which relate to the applicant's practice or fitness to practice.	
2.		The Board is obligated by Montana law to enforce rules governing licensure of engineers and land surveyors.	
3.		The Board may issue subpoenas in connection with investigations and disciplinary proceedings.	
4.		Assisting in the unlicensed practice of a profession or occupation or allowing another person or organization to practice or offer to practice by use of the licensee's license is considered unprofessional conduct by Montana law.	
5.		A person must be considered to practice land surveying, within the meaning and intent of Montana law, who by verbal claim, advertisement, letterhead, card, or in any other way represents that the person is a land surveyor.	
6.		If a person is licensed to practice land surveying in another state, has passed the NCEES PS exam, and meets the same qualifications as an applicant applying for licensure by examination, then that person may be issued a Montana license.	
7.		A land surveyor may affix his seal and signature on any plans or drawings after their license has expired, provided they have notified the Board.	
8.		Failure to renew a professional land surveyor license on time will result in additional fees to the licensee	

No.	T/F	Statement	Legal Reference
9.		A business entity may engage in the practice of land surveying in Montana, provided one employee of the firm is a licensed land surveyor in Montana and is in responsible charge	
10.		The board can revoke a license for failing to comply with the Corner Recordation Act.	
11.		It is a criminal offense if a person knowingly presents or attempts to use the license or the seal of another person.	
12.		To be in "responsible charge" a land surveyor must personally make land-surveying decisions, or review and approve proposed land surveying decisions prior to their implementation.	
13.		The term "direct supervision" means the licensee, has exercised regular and direct oversight and guidance of land surveying work, which includes plans, designs, surveys, and client advice at the time the works occurs, and the licensee takes responsibility for the work.	
14.		For licensure, progressive land surveying experience is broken down into two areas: office and field.	
15.		Approved comity applicants must take a closed book Montana specific law land surveying examination.	
16.		The form for corner recordation is approved by the Board and is available on the Board's website.	
17.		To be licensed as a land surveyor in Montana, an applicant must have been previously licensed as a land surveyor intern.	
18.		If the renewal process is not completed within one year, the licensee will be considered a new applicant, potentially requiring re-testing.	
19.		New licensees by exam or comity are exempt from obtaining professional development hours (PDH) during their first renewal cycle.	
20.		Licensees' primary obligation is to protect the safety, health property and welfare of the public and shall notify their employer, client and such other authority when their professional judgment is overruled in such a manner as to endanger the safety, health, property or welfare of the public.	
21.		Anyone wishing to enter a complaint against a professional land surveyor may do so by making an anonymous complaint.
