Continuing Education must be related to the practice of the profession of a sanitarian. Time counted towards continuing education hours is actual 'contact time' which is considered classroom time with an instructor. Breaks, lunches, and social hours are not to be included in the calculation.

According to **ARM 24.216.2102 (6)** the following education programs are approved by the board for continuing education credit:

Workshops, seminars and educational conferences sponsored by:

- National Environmental Health Association (NEHA)
- Montana Environmental Health Association (MEHA)
- Montana Department of Environmental Quality (DEQ)
- Montana Department of Health and Human Services (DPHHS)

Accreditation and refresher courses in specialized programs (like UST licensure, asbestos accreditation, FDA standardization, etc.) sponsored by:

- Environmental Protection Agency (EPA)
- State agencies
